## Competition bidding Zillertal Battle 2019

FAI Cat 2 competition with max EN-B gliders

### **Competition:**

The Zillertal Battle is a new PG format, where every thermal pilot can compete with the best pilots from the scene with identical material. The new competition format will be very similar as known, but with some changes.

The biggest difference is, that only max. EN-B glides can be used. The route to be completed is of course weather dependent, but the task will be designed, that most of the route can be seen from the landing area Bruggerstube.

Also the task length will be designed, that hobby pilots can handle it. The number of pilots is limited to max. 80 pilots and the entry fee a little higher than usual. Therefore, we have prize money!
